NO Endorsement of LL by Sierra Club

To Whom It May Concern:

There has been misinformation circulated that the Sierra Club supports/endorse Measure LL, the ballot measure that would change the current Landmarks Ordinance. The Sierra Club has taken no such action and made no such endorsement of Measure LL. The Club has not taken any position on Measure LL. We ask anyone who has passed along this information in error to officially retract the information that has been given out.

Sincerely,

Kent Lewandowski
Chair, Sierra Club Northern Alameda County
